-

Projects

- **Farm Mechanization Status in India** **November 2023 – March 2024**
Internship at Prema Software Solution Limited
 - Contributed to the "Assessment of Farm Mechanization Status in India" initiative.
 - Worked as a Full Stack Developer and Android App Developer, gaining hands-on experience in real-world problem solving.
 - Learned valuable skills in team collaboration, agriculture-tech integration, and using technology to solve rural challenges.
 - This project played a key role in building my professional and technical foundation.
 - **Parking Management System** 
 - Developed a smart city solution using Java, JDBC, and a modular architecture to address urban parking challenges.
 - Implemented secure user authentication, vehicle tracking, and scalable admin tools.
 - Applied Data Structures and Algorithms (stack, queue logic) for managing ticket generation and vehicle flow.
 - Demonstrated backend integration skills with MySQL and JSP/Servlets, paving the way for future enhancements.
-

Certificates

- **Internship** - Prema Software Solutions | Nov 2023 – Mar 2024
- **Java** - IBM SkillsBuild | Completed: Jan 2025 | 25 Learning Hours
